

## **WMST Student to attend IB World Student Conference**

CaLynn Wiggins, an 11th grade International Baccalaureate (IB) Diploma Candidate at WMST, has received a scholarship to attend the IB World Student Conference (IBWSC) at IE University in Segovia, Spain, on July 2-6, 2012. She was one of eight students chosen worldwide, and one of two students chosen from the IB Mid-Atlantic Association of IB Schools.

The IBWSC will allow IB Diploma Program students from around the world to experience what it really means to "think globally," according to Ms. Althea Rainge, IB Diploma Program Coordinator at WMST and English teacher. Ms. Rainge will also be attending the conference and serving as a chaperone to approximately 10 other students attending the conference.

At the conference, students will be exposed to a variety of cultures and form new friendships as they explore ways to make our world a better, more peaceful place. In addition, this conference will provide those who attend with an exceptional opportunity to develop leadership skills and international understanding.

For more information about WMST, please visit the school's website at [www.wmstpchs.org](http://www.wmstpchs.org) or call 202-636-8011.
