Washington Mathematics and Science
Technology Public Charter High School
Reference ID: 105M7130377

Congratulations! Your 2012 Educational Alliance application for the school noted above has been approved. To recognize this achievement, please display the enclosed decal at your station to communicate your participation in this year's Educational Alliance program.

In addition, please contact the school representative as soon as possible to make arrangements to present or mail to them your donation of \$500 with the included certification letter. You will not be credited the \$500 unless the completed certification letter is received at our office no later than February 28th, 2013.

For this year, we have re-designed the Educational Alliance poster for grant recipients to exhibit at their school. Please ensure the school receives this poster and displays it in a visible location (i.e.: bulletin board, office window, etc.). Exxon Mobil has a long history of supporting educational programs, like Educational Alliance, that focus on improvements in these areas from pre-school to higher education. We believe it is fundamentally important to encourage the next generation to pursue studies and careers in fields involving math and science.

Furthermore, a demonstration of community awareness is requested from all retailers who receive Educational Alliance grants. Customers should retain this information locally to be furnished upon request. Failure to do so may render a retailer ineligible to receive a grant the following year.

Examples include (but are not limited to):

- a school/PTA newsletter reporting on the grant
- a community newspaper/newsletter article
- flyers announcing a special event
- letters of appreciation from community, school, students, etc.

Congratulations again and thank you for your support!

Sincerely,
Exxon Mobil Educational Alliance Program
